Kenta Yusa Full-Stack Engineer

Delta, 672)727-4874, onz0shi2664@gmail.com
LinkedIn:www.linkedin.com/in/kenta-yusa2664

- **Dynamic Full-Stack Engineer** with 10 years of experience, possessing end-to-end experience in software development, from design through to release.
- A driving force in the **DevOps cycle**, successfully creating an efficient implementation environment by leveraging CI/CD in a **cloud-native development environment**.
- Demonstrated high adaptability to modern technology stacks by obtaining relevant certifications in **Oracle Cloud and AWS**.
- Extensive **Java development expertise**, covering versions from Java 6 through to Java 17, including the Spring Boot framework. Includes **designing and deploying scalable service architectures** using the **Microservices pattern**, which successfully **reduced system latency and increased throughput**. Furthermore, I have effectively **managed transactional integrity** during **high-volume data ingestion** by implementing **robust controls within Java Stream processing**.
- **Expert SQL programming** skills utilizing Oracle and PostgreSQL, ensuring environmental independence. **Designed and implemented normalized database schemas** (up to 3NF) while developing **optimized PL/SQL functions** that efficiently utilize indexing for faster data retrieval and processing
- Strong **frontend development** skills utilizing professional **Vue** experience and practical application of learned **React**.

WORK EXPERIENCE

04/2014 – 12/2024	**System Development Leader, RKKCS Co., Ltd.**	Kumamoto, Japan

- Engineered and deployed innovative systems for local governments, leading to enhanced efficiency and improved service delivery.
- Directed teams of junior engineers and completed the implementation 20% early, managing all phases of the development lifecycle with a focus on quality and timely deliverables.
- Leveraged programming expertise to design bots and tools for process automation, substantially boosting productivity.

EDUCATION

08/2025 – Present	Tamwood Career College Web-Developer Certificate	Vancouver, Canada

---

CERTIFICATE

	AWS Certified Cloud Practitioner	Nov. 2025
	Oracle Cloud Infrastructure Architect Associate 2022	Sep. 2023

REFERENCES	Carell Bayne #604-992-3583	Assisting in garden design, application of design implementation of materials.
SKILLS	Typescript Kubernetes Lightroom	Microsoft Office Blender Photoshop

PROGRAMMING-RELATED HOBBIES

Creative activities

- pursuing 3D graphics development, leveraging Blender and various video tutorials.
- Producing video and music content using a DAW (Digital Audio Workstation) and Adobe video editing software (e.g., Premiere Pro/After Effects)
- Developed a movie release calendar application using Flutter and the Dart language. Integrated the IMDb API to retrieve movie data, allowing users to save favorited films to their personal calendar.
- Developed a Python script in Google Collaboratory to analyze frequently used words from Slack messages. Generated word clouds based on the frequency analysis to visualize key themes and discussion topics.

School Assignment

- Awarded the 'Most Frustrating Entry' prize in a school-hosted Terrible Website Contest for a project published on GitHub(https://github.com/kent2664/terrible-website-contest)
